// ALUMINUM BOATS

// STANLEY ALUMINUM BOATS ARE PROUDLY BUILT IN PARRY SOUND, ONTARIO, BY CONNOR INDUSTRIES.

Connor Industries is an independent manufacturer and **the Industry leader in fully welded aluminum boats.** Since 1982, Connor Industries has demonstrated a commitment to the marine industry by aggressively and progressively researching, designing and developing the highest quality boats in the marketplace.

All Stanley Aluminum Boats are constructed indoors in a clean, modern, quality controlled environment, using the latest technology.

Built with the best marine grade aluminum and with our skilled craftsmanship, Connor Industries guarantees a superior boat that will move safely, efficiently and with unparalleled stability on the water. Noted for being the first boat in the water in early spring and the last one out in late fall. Our 14' - 55" Stanley Boats are built to last. This season make your time on the water safer, easier and more enjoyable in a Stanley Boat.

// REGARDLESS OF YOUR AGE, THE STANLEY TILLER WILL LAST A LIFETIME.

Available in both 16' and 17' with multiple console options, the Stanley Tiller is compact in size but boasts the same heavy-duty construction features as our larger models. Ideal for the cottage or camp and easy to trailer, the Tiller is small enough to navigate inland lakes and waterways but built to perform in big water too.

Equipped with a 20" transom, the Tiller can be rigged with 40 to 70 HP. Standard features include welded gunwales, lifting strakes, keel guard, paddle holder, and tie-down cleats.

Your grandchild will drive this boat one day and you can feel confident knowing the Tiller's fully welded, all-aluminum construction makes it a safe and solid choice for the whole family

// INNOVATIVE, LIGHTWEIGHT AND STRONG, THE STANLEY MINK WILL STAND THE TEST OF TIME.

Its fully-welded aluminum construction makes it solid, tough, and ideal for inland lakes and bigger bodies of water.

Available in both centre and dual console configurations, the 18' Mink is a versatile vessel designed for cottagers, anglers, and day trippers alike. The Mink is loaded with standard features including a spacious cockpit, our trademark non-slip self bailing floor, welded gunwales, bow seat, and a water tight rear bench locker. The Mink's 25" transom with fully welded motor bracket can accommodate up to 115 HP.

Whether it be for pleasure or utility use, the Stanley Mink is a low maintenance, reliable, and versatile boat.

// ISLANDER

STANLEY

CONNOR
INDUSTRIES

// THE ISLANDER IS DESIGNED FOR BOTH PLEASURE AND SPORT.

Whether you're heading out for a day on the water with friends or commuting back and forth to the cottage with gear, the Islander will get you comfortably where you need to go.

Available in 19', 21', and 23' with both centre and dual console configurations, the Islander is loaded with a range of standard features. Each Islander model has been carefully designed with plenty of seating capacity and loads of storage thanks to a bow anchor locker and rear bench seat with lockable storage. Superior performance and maneuverability are achieved thanks to a 15 degree deadrise, wide beam, and high freeboard.

For fishing enthusiasts, the Islander has a wide gunwale for downrigging, our trademark non-slip self bailing floor, and a shallow draft. With a generous 25" transom, the Islander can accommodate up to 200 HP.

Optimized for trips in bigger water in a variety of conditions, the Islander is a reliable, safe, and solid choice for day trippers and cottagers alike.

// PREDATOR

STANLEY

CONNOR
INDUSTRIES

// IF YOU FISH, HUNT, OR TRAP YOU REQUIRE A TOUGH, MULTI PURPOSE, NO-NONSENSE BOAT.

The Stanley Predator is built for the avid outdoorsperson and their gear. Whether you need to transport an ATV, lawnmower, or other sporting equipment, the Predator makes for easy transport and loading/unloading.

Available in 18' and 20', the Predator comes standard with our trademark non-slip self bailing floor and 6' removable loading ramps, making it the ultimate mini-barge for transporting cargo, equipment, gear, and passengers to camp. The modified V hull provides a stable and comfortable ride- performance is never sacrificed- even when fully loaded.

The Predator's 25' transom and fully welded motor bracket can accommodate from 70 to 115 HP.

Don't let its compact size fool you- the Stanley Predator is a low maintenance, capable workhorse that's designed to last.

// RAISED DECK

STANLEY

CONNOR
INDUSTRIES

// THE RAISED DECK IS DESIGNED WITH A STEP-DOWN CUDDY AND SPACIOUS SEATING AREA TO MAKE SURE YOU AND YOUR CARGO ARRIVE AT THE COTTAGE OR CAMP SAFE AND DRY.

Comfort is key in the Raised Deck- adjustable swivel pedestal seats come standard as well as a full stern bench seat with lockable storage. The Raised Deck's deep V, hard chines, and 8'4" beam combine to provide stability, maneuverability, and a smooth ride in rough water. The console is protected by a custom fully welded, walk-thru windshield to keep you dry and safe from the elements and our trademark non-slip self bailing floor makes it easy to clean and maintain.

The Raised Deck boasts a 25" transom, a fully welded motor bracket, and hard chines which can accommodate up to 225 HP.

Designed with comfort and safety at top of mind, the Raised Deck is optimized for life in big water. No matter where you need to go- the Raised Deck will get you there.

// CRUISER

STANLEY

CONNOR
INDUSTRIES

// A PERFECT BALANCE OF RUGGED DURABILITY AND COMFORT

Manufactured using the same heavy-duty materials and techniques as our most sophisticated Stanley Patrol boats, the Cruiser delivers commercial level safety and performance to the recreational boater.

The 25' Cruiser is available in a Hard Top or Sport, each offering superior visibility thanks to a fully welded, weather tight windshield. Its 1/4", deep V hull makes for a smooth ride and easy handling even on rough days.

Standard features include captain's bench seat, bow anchor locker, and non-slip self draining cargo deck. Optional features include a cuddy cabin package, walk-thru side door, and interior/exterior paint.

Multiple HP configurations are available for the Cruiser ranging from 225 HP to twin 200's.

Smart and safe, the Stanley Cruiser is a joy to drive- especially when mother nature is not herself.

// THE PULSECRAFT IS A HEAVY-DUTY WORKHORSE.

Its modified V hull and heavy-duty framing make for a smooth ride in rough waters, even when carrying a load.

With plenty of forward space for cargo, a non-slip self draining cargo deck, and an impressive 60" bow gate for easy loading and off loading, the Pulsecraft is your pick-up-truck on the water. Standard features include side rails, stern bench with lockable storage, and adjustable pedestal seats.

Available in 22', 24', and 26' with a dual or centre console, the Pulsecraft can be configured to meet your unique cargo and passenger carrying needs. Add a wheelhouse, and the Pulsecraft becomes an all-weather workhorse.

The Pulsecraft boasts a fully welded motor bracket and 25" transom, with horsepower options ranging from 150 to 300 HP.

Cottagers and contractors alike can look to the Pulsecraft for all their boating needs- whether your load is passengers or equipment, the Pulsecraft can get you there.
